

AGRO TANKS FOR SPRAYERS

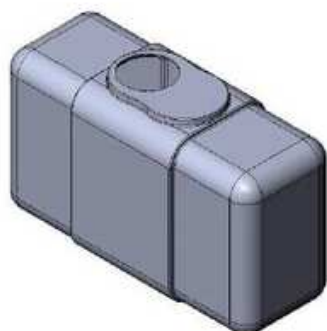

Our company produces AGRO series TANKS FOR SPRAYERS with capacity from 200 to 5 000 Litres.

Agro Series tanks are available from 2007. They are designed according to suggestions of producers of agricultural machinery. This product was repeatedly improved to reflect operating experience and is being brought to a high degree of reliability.

Agro series tanks passed bench tests in The Agricultural Technologies Research Institute.

Tanks are made of high-strength, freeze-resistant (from - 40 °C to + 60 °C) polyethylene. The material of products is durable and resistant to UV exposure.

Tanks for mounted agricultural sprayers

AGRO 200, 300, 400

AGRO 600, 800, 1 000

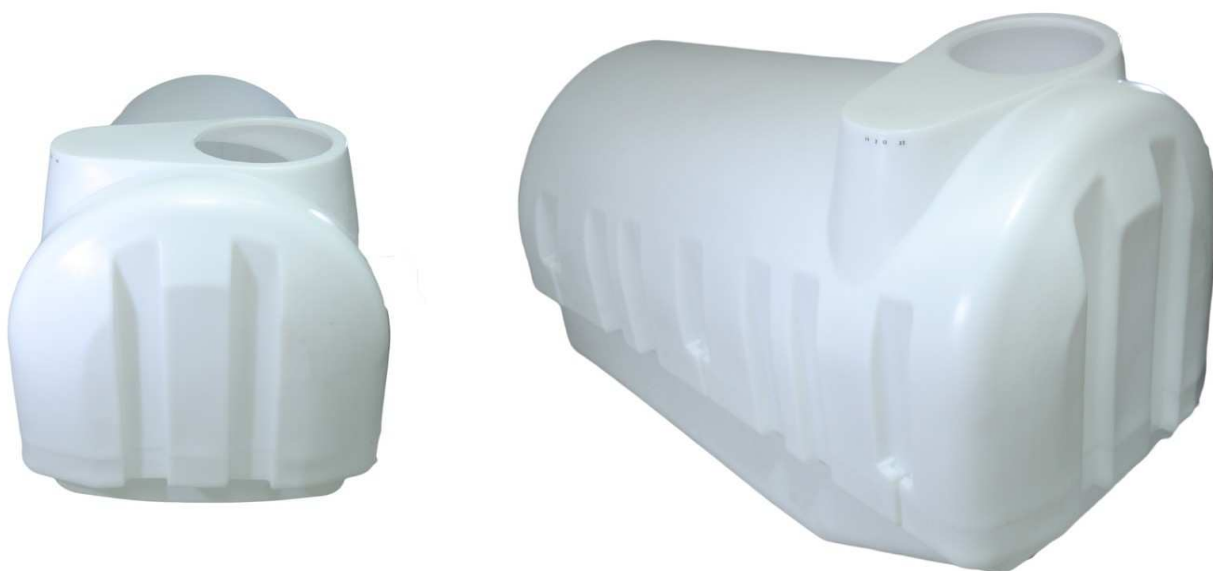

Type	Volume, l	Dimensions, l x w x h (mm)	Neck diameter, mm	Weight, kg
AGRO 200	200	1 070 x 410 x 615	250	11
AGRO 300	300	1 180 x 460 x 725	250	11
AGRO 400	400	1 000 x 630 x 1 045	400	17
AGRO 600	600+10	1 450 x 595 x 1 133	400 + ROOF(COVER) 110 mm	22
AGRO 800	800+18	1 360 x 750 x 1 215	400 + ROOF(COVER) 110 mm	43
AGRO 1 000	1 000 + 100 + 25	2 000 x 607 x 1 443	400 + ROOF(COVER) 110 mm	66

Tanks for trailed agricultural sprayers

Type	Volume, l	Dimensions, l x w x h (mm)	Neck diameter, mm	Weight, kg
AGRO 2 000 E	2 150	2 370 x 1 140 x 1 200	400	110
AGRO 2 500 E	2 500	2 426 x 1 152 x 1 400	400	140
AGRO 3 000 E	3 000	2 426 x 1 152 x 1 600	400	170
AGRO 3 000 E SP	3 000	2 426 x 1 152 x 1 600	400	190

Tanks 2 500 E and 3 000 E SP
